Message

Scholastic learning throughout the years reforms hidden talents of all the learners to produce the genius Proverb "Work is Worship". It inspires everybody in shaping the destiny by doing useful activities throughout their lifetime. It is the demand of the time that the students of our school should always think and strive hard for the betterment of their own as well as for the sake of India's all round development. I advise the students of our school to pay utmost attention to the golden proverb "Make Hay While the Sun Shines" to achieve success in their future by adjusting themselves in the highest positions of the society and provide better services to the nation as well as the entire world.

Apart from that, I highly recommend my students that wherever they go and whatever service or any other activity they do, they should always realize that they are grown up from such an institution that always strives for the good deeds, good virtues and universal brotherhood. I hope and expect that they will spread these good virtues throughout their life by spreading the qualities which they have imbibed from Sri Guru Gobind Singh Public Hr. Sec. School, Kunjwani Talab, Jammu. This would definitely illuminate their name and the name and fame of the school. It would give immense pleasure to the teachers as well as parents.

I always pray earnestly for their success in future.
